

Cerence Expands Cerence Pay Partner Ecosystem with Addition of Mobile Commerce Platform Leader P97 Networks

May 4, 2021

Cerence teams with P97 Networks to transform payment options at gas stations across the US through voice-powered, in-car payments

BURLINGTON, Mass., May 04, 2021 (GLOBE NEWSWIRE) -- [Cerence Inc.](#) (NASDAQ: CRNC), AI for a world in motion, today announced that it has expanded its [Cerence Pay](#) partner ecosystem with the addition of [P97 Networks Inc.](#), the leader in cloud-based mobile commerce, in-vehicle payments, and digital marketing solutions. With the integration of P97's mobility services platform, Cerence Pay will connect drivers to safe, seamless payments through the P97 mobile commerce platform currently available to more than 30% of the retail fuel sites across the US.

Cerence Pay delivers a secure, voice-powered, contactless payment experience in the car that leverages AI to anticipate drivers' needs and provide a seamless payment transaction from intent to authentication via voice and facial biometrics and through to purchase. Leveraging P97's mobile commerce platform, integrated with most of the major fuel brands, Cerence Pay enables drivers to find a fueling location, learn about pricing and amenities, choose a pump, and pay – directly from the car and using their voice. Drivers can also add a car wash or coffee or other convenience items from the gas station's store for pickup or curbside delivery.

"The Cerence Pay partner ecosystem is integral to our delivery of a flexible platform that enables OEMs to create unique branded experiences that meet the needs of their drivers," said Nils Lenke, VP & GM of Apps, Cerence. "With the addition of P97 to our partner roster, we are further expanding the capabilities of Cerence Pay and the automotive assistant with extensive reach to fueling sites across the US."

"Voice-powered payments are becoming an increasingly critical element of today's mobility experience," said David Nichamoff, Senior Vice President, Innovation & Platforms at P97 Networks. "We are proud to partner with Cerence to bring our gas station commerce services to Cerence Pay, an innovative platform that will transform how drivers think about productivity and safety on the road."
