Cerence Announces Repurchase of \$27 Million of 3% Senior Notes Due 2025

December 23, 2024

BURLINGTON, Mass., Dec. 23, 2024 (GLOBE NEWSWIRE) — Cerence Inc. (NASDAQ: CRNC) (“Cerence AI” or “the Company”), a global leader in AI for transportation, today announced that, in light of its current cash position and outlook for future cash generation, the Company entered into privately negotiated transactions with certain holders of its 3.00% Convertible Senior Notes Due 2025 (the “Notes”), pursuant to which the Company agreed to repurchase approximately \$27 million aggregate principal amount of the Notes from such holders at a cash repurchase price equal to 98.5% of their principal amount, together with the accrued and unpaid interest to (but not including) the date of repurchase.

The repurchase of the Notes at a price below par represents a strategic decision by the Company to utilize its cash reserves efficiently. The transaction will reduce interest expense, eliminate potential dilution from refinancing the Notes being repurchased, and lower leverage—intended to deliver a net positive outcome for shareholders. Assuming completion of the repurchase of the Notes, the Company currently plans to pay off the remaining \$60.5 million of Notes upon maturity in June 2025 using cash on hand.

“This repurchase not only highlights our confidence in Cerence AI’s future, but also demonstrates our commitment to driving shareholder value,” said Brian Krzanich, Chief Executive Officer of Cerence AI. “By repurchasing these Notes at a discount, we will be taking a proactive step to optimize our balance sheet and reduce interest expense. We believe that doing so will position the Company for continued success in fiscal year 2025 and beyond.”

“Our ability to execute these actions reflects careful financial planning, strategic execution on our cost-reduction initiatives, and disciplined cash management,” said Tony Rodriguez, Chief Financial Officer of Cerence AI. “As we move through fiscal year 2025, we remain committed to delivering on our guidance and creating long-term value for our shareholders.”

In addition, the Company intends to terminate its undrawn \$50.0 million senior secured first-lien revolving credit facility, contingent upon completion of the repurchase of the Notes. As a result, the Company will save on ongoing commitment fees.

First Quarter and Fiscal 2025 Guidance

Cerence AI reaffirms its first quarter fiscal year 2025 and fiscal year 2025 guidance previously disclosed in conjunction with its fourth quarter fiscal year 2024 and full year ending September 30, 2024 financial results on November 21, 2024.

This press release does not constitute an offer to sell or a solicitation of an offer to buy the Notes, nor shall there be any offer or sale of our securities in any state or jurisdiction in which the offer, solicitation, or sale would be unlawful prior to the registration or qualification thereof under the securities laws of any such state or jurisdiction.
